Intro with music	GIVING YOU THE EDGE ON HEALTHY LIVING, HERE'S MAYO CLINIC'S MEDICAL EDGE.
Robert McLaren, M.D. Track 1 (3:42)	"IN WOMEN... YOUNG, HEALTHY WOMEN, IT'S PROBABLY SECOND ONLY TO PREGNANCY AS ONE OF THE MORE COMMON CAUSES OF DOCTOR VISITS."
	MAYO CLINIC UROLOGIST DR. ROBERT MCLAREN IS TALKING ABOUT URINARY TRACT INFECTIONS, WHICH CAN INVOLVE YOUR KIDNEY'S, BLADDER, URETERS AND URETHRA. WOMEN ARE MOST AT RISK.
Dr. McLaren. Track 1 (4:35)	"GENERALLY SPEAKING, MEN SHOULDN'T BE HAVING URINARY TRACT INFECTIONS, PERIOD.

	<p>PRETTY MUCH ANY GUY THAT GETS A BLADDER INFECTION PROBABLY NEEDS TO BE LOOKED AT A LITTLE MORE CAREFULLY.”</p>
	<p>IN CHILDREN, URINARY TRACT INFECTIONS ARE OFTEN DUE TO A CONGENITAL ABNORMALITY IN THE URINARY TRACT. IN SUCH CASES DR. MCLAREN RECOMMENDS PROMPT MEDICAL ATTENTION.</p>
<p>Dr. McLaren Track 1 (4:05)</p>	<p>“BECAUSE THAT CAN BE FIXED, AND OFTEN TIMES PREVENT THEM FROM LIFE-LONG PROBLEMS.”</p>
	<p>BECAUSE MOST “GARDEN VARIETY” URINARY TRACT INFECTIONS ARE BACTERIAL IN NATURE. A SHORT COURSE OF ANTIBIOTICS USUALLY CLEARS THEM UP.</p>
	<p>FOR MORE INFORMATION, TALK TO YOUR DOCTOR OR VISIT MAYOCLINIC.ORG. I’M VIVIEN WILLIAMS.</p>
