<p><b>Intro with music</b></p>	<p>GIVING YOU THE EDGE ON HEALTHY LIVING, HERE'S MAYO CLINIC'S MEDICAL EDGE.</p>
	<p>IT'S NOT UNCOMMON FOR WOMEN TO HAVE SOME PAIN DURING THEIR PERIODS. BUT THOUSANDS OF WOMEN EXPERIENCE PAIN THAT IS ANYTHING BUT COMMON. THE CAUSE IS ENDOMETRIOSIS. THAT'S WHEN...</p>
<p><b>Kyle Traynor, M.D.</b> <b>Track 4 (:10)</b></p>	<p>"THE CELLS THAT LINE THE INSIDE OF THE UTERUS, FIND THEIR WAY OUTSIDE AND USUALLY SET UP SHOP SO TO SPEAK AND START GROWING WITHIN THE PELVIS."</p>
	<p>MAYO CLINIC DR. KYLE TRAYNOR SAYS IT'S A FAIRLY COMMON CONDITION, AFFECTING ABOUT ONE IN EVERY 10 WOMEN OF</p>

	CHILD BEARING AGE. MANY TIMES THERE ARE NO SIGNS AND SYMPTOMS, AND NO ADVERSE EFFECTS. BUT FOR OTHERS...
<b>Dr. Traynor</b> <b>Track 4 (1:00)</b>	“THE REPRECUSIONS ARE REALLY TWO-FOLD. PELVIC PAIN WHICH TENDS TO BE A CYCLIC PAIN, AND INFERTILITY.”
	FOR SOME, OVER-THE-COUNTER PAIN MEDICATIONS COULD BE ENOUGH. HORMONE TREATMENT CAN ALSO HELP RELIEVE SYMPTOMS, BUT THEY CAN INTERFERE WITH YOUR ABILITY TO GET PREGNANT. SURGERY IS ALSO AN OPTION.
	FOR MORE INFORMATION, TALK TO YOUR DOCTOR OR VISIT <a href="http://MAYOCLINIC.ORG">MAYOCLINIC.ORG</a> . I'M VIVIEN WILLIAMS.
