2012 Practical Spirometry Refresher

September 23, 2012

Registration deadline: August 21, 2012

Course location: Mayo Clinic Jacksonville
Kinne Auditorium/Cannaday Building
4500 San Pablo Road
Jacksonville, Florida 32224

Course Overview and Objectives

This refresher course is approved by the National Institute for Occupational Safety and Health (NIOSH) and ensures that persons performing spirometry testing learn the current spirometry standards and guidelines published by the American Thoracic Society/European Respiratory Society.

By the end of this course, participants should be able to:

- Explain spirometry instrument requirements
- Perform calibration check procedures
- Demonstrate proper spirometry testing technique for persons of various ages and state of health
- Demonstrate how to use flow-volume and volume-time tracings to recognize errors in testing and to explain the corrective action
- Explain the criteria for determining acceptability of maneuvers and test repeatability
- Explain the interpretative strategy for common disease patterns from the numeric results and spirogram tracings

Disclaimer

Attendance at this Mayo course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

Intended Audience

This refresher course is designed for health professionals involved in performing spirometry tests in both industrial and clinical settings. Technicians whose NIOSH-approved Spirometry Course certificates are dated January 1, 2000, through December 31, 2007, are eligible to complete a refresher course by December 31, 2012 to maintain a valid certificate.

A copy of the certificate must accompany the registration form to verify eligibility.

Credit

This continuing nursing education activity was approved for 7.5 contact hours through the American Association of Occupational Health Nurses, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Other health care professionals will be provided a certificate of attendance for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

Course Directors

Paul D. Scanlon, MD

Medical Director, Pulmonary Function Laboratories
Professor of Medicine
Mayo Clinic, Rochester, Minnesota

Carl Mottram, RRT, RPFT

Director, Pulmonary Function Laboratories
Associate Professor of Medicine
Mayo Clinic, Rochester, Minnesota

Course Coordinator & Instructor

Kay A. Erickson, CPFT

Quality Assurance Technologist
Mayo Clinic, Rochester, Minnesota

Course Faculty

The instructors are certified pulmonary function technologists, respiratory therapists, and physicians, each with more than 20 years of experience in pulmonary function testing at Mayo Clinic. Their extensive experience allows them to recognize the "body language" of suboptimal spirometry maneuvers and the resulting patterns on spirometry graphs. They emphasize demonstration of the correct maneuver and vigorous coaching throughout the course.

A Note from NIOSH

The Cotton Dust Standard (29 CFR 1910.43) promulgated by Occupational Safety and Health Administration (OSHA) in 1978 and amended December 13, 1985, states:

“Persons other than licensed physicians, who administer the pulmonary function testing required by this section shall have completed a NIOSH-approved training course in spirometry.”

When NIOSH approves a course, it is attesting that the course meets the minimum OSHA/NIOSH criteria for teaching individuals to perform spirometry in the Cotton Dust Industry. This does not mean that the individual taking the course is certified as a pulmonary function technician by NIOSH. Students have merely completed a NIOSH-approved course.

Effective January 1, 2009, NIOSH changed the time limits on all certificates to 5 years from the course date. Previously awarded certificates are **no longer valid indefinitely**.

Registration

For additional details on this course, contact Teresa Krukow at 800-533-1653 or 507-284-8403. The registration fee for this course is \$300 and includes tuition, course manual, and certificate. Continental breakfast, lunch, and break refreshments will also be provided.

Class size is limited to 30 to provide individual attention to all participants; therefore, early registration is encouraged.

Please complete the registration form below and mail or fax, **along with a copy of your certificate** from the initial NIOSH-approved course you attended, to:

Teresa Krukow
 Mayo Clinic
 200 First Street SW – Gonda 18 East
 Rochester, MN 55905
 Fax 507-266-2474

NOTE: *Students should not make non-refundable flight reservations until after the course deadline and an email confirmation letter is received.*

Cancellation

Your registration fee, less a \$75 administrative fee, will be refunded when written notification is received by our office on or before August 21, 2012.
