COVID-19 Updates

Find [resources for providers](#) and answers to questions on [referrals and testing](#) on the Medical Professionals Resource Center

Patient Care

[Charting a course for a marked increase of microscopic papillary thyroid carcinomas](#)

Thyroid cancer rates have increased, prompted by higher screening rates and improvements. A Mayo Clinic endocrinologist discusses options of watchful waiting or treatment when thyroid nodules are small.

[Cough Clinic expertise helps patients with unexplained or refractory chronic cough](#)

Mayo Clinic Cough Clinic specialists research and employ novel pharmacologic treatments and collaborate with Otolaryngology colleagues to address frustrating unexplained or refractory chronic cough.

[Incisionless technique for carpal tunnel release minimizes soft tissue dissection and injury](#)

Mayo Clinic orthopedic surgeons perform thread ultrasound-guided carpal tunnel release under local anesthesia, reducing patient recovery times.
