Legacy of Innovation

'A hitherto unnamed liver disease'

Revisit Mayo Clinic's legacy in defining nonalcoholic steatohepatitis. Liver biopsies of patients with steatohepatitis of unknown cause were described in this 1980 Mayo Clinic Proceedings article by Jurgen Ludwig, M.D.; Thomas R. Viggiano, M.D.; Douglas B. McGill, M.D.; and Beverly J. Ott.

28th Annual Mayo Clinic Internal Medicine Update

Two sessions available
Oct. 8-11, 2026, and Oct. 22-25, 2026
Sedona, AZ, and Livestream

This annual, four-day course provides primary care professionals with a practical update on topics within the realm of internal medicine and its subspecialties. The course content emphasizes equipping participants with information they can readily incorporate into their practice to improve the quality of care and patient outcomes.
