

HONORING PHILANTHROPY

2012

May 2013

Dear friend:

You are critical to the growth and innovation of Mayo Clinic, and we acknowledge you each year by honoring your philanthropy in this publication. You each walk with Mayo Clinic on its journey to create a better future for health care.

As a not-for-profit institution, Mayo Clinic reinvests all earnings into giving patients the very best care, finding answers to the toughest medical cases and training the next generation of physicians and researchers. Whether you joined us this year or have been on this path with us for many years, we thank you.

This is the first time we have produced a digital annual Honor Roll. I think it's attractive, searchable and easily updated. And it is more efficient to produce and distribute as well. I hope you like it too. I'd be happy to hear your feedback on it.

Thank you.

Sincerely,

A handwritten signature in black ink that reads "Michael Camilleri". The signature is fluid and cursive.

Michael Camilleri, M.D.
Executive Dean for Development
Atherton and Winifred W. Bean Professor
Professor of Medicine, Physiology and Pharmacology
Distinguished Investigator, Mayo Clinic

DOCTORS MAYO SOCIETY

We are honored to have so many generous alumni, public trustees and administrative voting staff in the Doctors Mayo Society. They are partners in helping Mayo Clinic maintain the highest levels of integrity in practice, education and research. Members are recognized in perpetuity; a deceased spouse is remembered in parenthetical citation if the alumnus has remarried.

FOUNDERS CIRCLE

The Doctors Mayo Society Founders Circle recognizes benefactors who have made cumulative gifts and pledges equaling \$50,000 or more and those who have made estate commitments of \$100,000 or more.
