April 2025

TOMORROW'S
CURE

Podcast: Proton beam radiation for dangerous heart rhythms

Patient Care

Why sports cardiology is the right choice for navigating exercise, sports and complex cardiac disease in highly active patients

The physicians at Mayo Clinic's Sports Cardiology Clinic understand the impact of exercise on cardiac structure and function. The multidisciplinary team helps patients with known or previously undiagnosed cardiovascular conditions remain active.

Research

Implanting hourglass-shaped stent improves angina and coronary flow reserve in patients with microvascular dysfunction

Mayo Clinic Cardiovascular Medicine researchers found that implanting an hourglass-shaped stent improves angina and coronary flow reserve in patients with microvascular dysfunction. The findings were published in JACC: Cardiovascular Interventions.
