

April 2021

COVID-19 Updates

Find resources for providers and answers to questions on referrals and testing on the Medical Professionals Resource Center

Patient Care

[Women's Heart Clinic provides evidence-based care to transgender patients with heart disease](#)

The Women's Heart Clinic and Transgender and Intersex Specialty Care Clinic at Mayo Clinic partner to provide assessment of the cardiovascular risk of gender-affirming surgery.

[Mayo Clinic transplant cardiologist discusses challenging prognoses for patients with heart failure](#)

Daniel S. Yip, M.D., responds to questions about challenges in pinpointing a patient's heart failure status and when cardiologists might consider referral for advanced heart failure care.

[The Mayo Clinic approach to repair of adult vascular ring](#)

Elizabeth H. Stephens, M.D., Ph.D., a pediatric and congenital cardiac surgeon, describes the surgical repair strategy for adults with vascular rings — specifically, right aortic arch and aberrant left subclavian.
