COVID-19 Updates

Find resources for providers and answers to questions on referrals and testing on the Medical Professionals Resource Center.

Patient Care

Managing care remotely boosts efficiency and safeguards health care workers
Mayo Clinic’s expanded use of telemedicine is likely to continue after the current pandemic eases.

Mayo Clinic Q&A podcast: Finding relief from epileptic seizures
Mayo Clinic experts are using a new way to treat some seizure disorders: repetitive transcranial magnetic stimulation (rTMS).

See more Neurology and Neurosurgery news and view Neurology and Neurosurgery specialty videos and Grand Rounds presentations.

Research
Robotic platform enhances the accuracy of spinal hardware placement
None of the 402 screws implanted in Mayo Clinic's study of robot-assisted spinal surgery required postoperative revision.

Mayo Clinic study provides proof of concept for new surgical technique
Select brain lesions can be surgically removed through a 14-millimeter burr hole.
