

April 2021

### COVID-19 Updates

Find resources for providers and answers to questions on referrals and testing on the Medical Professionals Resource Center

### Patient Care

#### [Cough Clinic expertise helps patients with unexplained or refractory chronic cough](#)

Mayo Clinic Cough Clinic specialists research and employ novel pharmacologic treatments and collaborate with Otolaryngology colleagues to address frustrating unexplained or refractory chronic cough.

#### [Clinical manifestations of expiratory central airway collapse are common and nonspecific](#)

Dynamic flexible bronchoscopy is the diagnostic criterion standard for expiratory central airway collapse, which can coexist with and mimic asthma, chronic obstructive pulmonary disease and bronchiectasis.

#### [Pulmonary vascular disease program delivers practice excellence, education enhancement and research advancement](#)

Mayo Clinic's three Pulmonary Hypertension Association-Accredited Centers of Comprehensive Care provide the expertise and resources necessary for the evaluation and integral care of patients with pulmonary vascular disease.

## Research

### [Laboratory and Critical Care: Opportunities for collaboration](#)

As mortality improvements in acute respiratory distress syndrome have stagnated and the concept of safe ventilation continues to evolve, the search for better and more-integrative therapeutic targets has ensued.

### [Mayo Clinic Proceedings goes fully digital in 2021](#)

Mayo Clinic Proceedings' move to online-only access provides subscribers with access to new content and the ability to search content by specialty or subject area — plus connections to related multimedia.

## Education

Mayo Clinic School of Continuous Professional Development offers [live courses](#), [livestreaming courses](#), [online continuing medical education \(CME\) courses](#) and [podcasts](#) to meet your CME needs.

Medical education from Mayo Clinic experts is also available through [GIBLIB](#), a new on-demand medical education library. GIBLIB provides a free seven-day trial and a 25% discount on premium annual subscriptions including unlimited CME for Mayo Clinic learners. Simply enter code **MAYOCPD2021** to access this offer.

### [Mechanical Ventilation Conference — COVID-19: The Final Take — Online CME Course](#)

March 5, 2021-March 4, 2024

Mayo Clinic experts in critical care, pulmonology and respiratory therapy provide detailed instruction in mechanical ventilation management of patients with COVID-19 infection.

### [Mayo Clinic Pulmonary Manifestations of Connective Tissue Disorders 2021](#)

Oct. 7-9, 2021

Discern how to recognize and diagnose interstitial lung disease, pulmonary hypertension and other respiratory problems common in autoimmune rheumatologic disorders. Review current information regarding pathogenic mechanisms, clinical trials and therapeutic modalities.
