Patient Care

Q&A: Mayo Clinic's DCU, organ transplants and end-of-life trauma patients

The DCU program manager at Mayo Clinic in Minnesota discusses donor care units and their roles, his position, and the organ donation process for patients with nonsurvivable injuries.

Practice Guidelines and Research

New TTA criteria improve patient and professional efficiency

Every professional wants to feel useful when called for a TTA. Patients need professionals appropriate to their injuries. Mayo Clinic Trauma Center's new TTA criteria seek to efficiently meet these objectives.
