

Urology Physician Update

July 2025

Patient Care

Offering hope for patients with post-vasectomy pain syndrome

Sevann Helo, M.D., a microsurgeon at Mayo Clinic in Minnesota, performs vasectomy reversal, a definitive surgical solution for PVPS that offers hope for patients with this condition.

Erectile dysfunction, a sexual issue and cardiovascular warning

Princeton IV consensus recommendations urge clinicians to treat ED as a warning sign for cardiovascular disease, especially in younger men, framing it as a risk-enhancing marker for silent coronary artery disease.

Addressing physical and psychological needs in Peyronie's disease

Peyronie's disease can cause penile curvature, pain and emotional distress. Mayo Clinic provides personalized, evidence-based treatment, including virtual follow-ups and in-office procedures.

Research

Pioneering high-impact, low-barrier fertility care

Sevann Helo, M.D., at Mayo Clinic, leads a clinical trial comparing two standard sperm retrieval techniques — testicular sperm extraction (TESE) and microsurgical epididymal sperm aspiration (MESA) — in men with obstructive azoospermia.
