### COVID-19 Updates

Find resources for providers on the [Medical Professionals Resource Center](#)

Find answers to questions on [referrals](#) and [testing](#) on the [Medical Professionals Resource Center](#)

### Patient Care

#### [Mayo Clinic task force guidelines reduce opioid prescribing after urologic surgery](#)

Prescribing patterns four months after guideline implementation were reduced to a median quantity of 100 OME (roughly 13 5 mg oxycodone tablets) compared with 150 OME before implementation.

#### [Telemedicine solutions help Mayo Clinic Urology providers connect with patients](#)

The COVID-19 pandemic provided opportunities to explore telemedicine consults with adult and pediatric urology patients.

### Research

## [Study analyzes cost-effectiveness of maintenance bacillus Calmette-Guerin](#)

New research supports prioritizing bacillus Calmette-Guérin for induction therapy during shortages and reserving maintenance for patients at the highest risk of progression.

## Education

Mayo Clinic School of Continuous Professional Development offers [online CME courses](#) and [podcasts](#) to help meet your CME needs during the COVID-19 pandemic.

Medical education from Mayo Clinic experts is also available through [GIBLIB](#), a new on-demand medical education library. GIBLIB's extensive offerings include full-capture surgical video with live narration by Mayo Clinic surgeons, lectures by industry leaders, and GIBLIB originals featuring timely discussions on trending topics in medicine.

### [EDGE Talks 2020: Endourology Talks & Updates — Online CME Course with Audit Option](#)

Course expires May 30, 2023

EDGE Talks provides a comprehensive overview on the latest techniques and technology surrounding endourology. Topics covered include the use of holmium lasers in urology for the management of various diseases, with a focus on the management of urolithiasis and benign prostatic hyperplasia, percutaneous nephrolithotomy, HoLEP, new lasers, BPH management, work-life balance and ureteroscopes.
