COVID-19 Updates

Find resources for providers and answers to questions on referrals and testing on the Medical Professionals Resource Center

Patient Care

A more home-based model of care for low-risk pregnancies
A Mayo Clinic obstetrician explains a novel program for women with low-risk pregnancies that includes self-monitoring and 40% to 50% of prenatal visits from the patient’s home.

Fetal intervention for twin-twin transfusion syndrome
The new Mayo Clinic division chair for Maternal and Fetal Medicine discusses the rare twin-twin transfusion syndrome and how it can be addressed in utero to prevent fetal loss.

Research

Villitis of unknown etiology distinct from infectious villitis
A paper published by a Mayo Clinic immunologist highlights the differences between villitis of unknown etiology and infectious villitis, a key distinction for potential future screening and intervention for this placental condition.

Education

Mayo Clinic School of Continuous Professional Development offers live courses, livestreaming courses, online continuing medical education (CME) courses and podcasts to meet you CME needs.

Medical education from Mayo Clinic experts is also available through GIBLIB, a new on-demand medical education library. GIBLIB provides a free seven-day trial and a 25% discount on premium annual subscriptions including unlimited CME for Mayo Clinic learners. Simply enter code MAYOCPD2021 to access this offer.

Transforming Women's Health 2021 — LIVESTREAM
June 10-12, 2021
This course presents emerging scientific and clinical evidence related to medical conditions that are unique to women, occur more frequently in women or present differently in women. It includes presentations from women's health subspecialty disciplines.

GRIT for Women in Medicine: Growth, Resilience, Inspiration & Tenacity 2021
Sept. 16-18, 2021
This course addresses the removal of barriers and bias toward women in health care leadership positions. Business and health care leaders present professional development and well-being enhancement strategies.

17th Annual Women's Health Update 2021
Nov. 4-6, 2021
This conference addresses unique-to-women health issues and conditions with symptoms affecting women differently than men. The format includes evidence-based and case-based presentations, Q&A discussions with faculty panels, and interactive keypad use.
